Islamic Republic Of Afghanistan Kabul Municipality

Overview: Kabul Municipality is a rapidly growing city. As the population grows and incomes rise, more and more trash is being generated, burdening the Municipality and the environment with thousands of tons of trash each year.

Purpose: The purpose of this SOP is to establish an operating procedure for recycling in the city, so that resources may be reduced, reused, recycled and recovered.

Benefit: The implementation of this SOP will ensure the city saves money on collection and disposal of material that is reusable, and the Kabul Municipality attains its goal of becoming a clean and green city.

Applicability: This SOP will apply to all recycling collection activities in the Municipality.

Policy: This SOP will effect positively upon the operations and environment of the Kabul Municipality and bring effective changes to the Kabul Municipality as a whole.

Procedures:

1. Recycling facilities will be established in at least 50% of the city's neighborhoods.
2. The Municipality will actively promote the recycling of glass, paper, cardboard, rubber, metal, aluminum, newspaper, and other materials.
3. The Municipality will work with the private sector recyclers to develop recycling programs.
4. Citizens are not allowed to forage at Municipal landfills or transfer station to pick out recyclables.
5. Every effort will be made by Municipal employees to identify created opportunities to reduce, reuse, recycle and recover recyclable materials.
